P&R Dental Strategies Announces the Recipients of the 2019 DentaQual® *Leaders in Quality*® EliteStar® Dentist Awards

This one-of-a-kind awards program recognizes the top dentists in each state based on objective dental quality measurement rankings.

HAMILTON, NJ, Oct. 8, 2019 -- P&R Dental Strategies, LLC, the premier dental insights company delivering customized, actionable business intelligence to support a variety of dental payer objectives, today announced the list of recipients of the 2019 EliteStar Dentist Awards, a part of their DentaQual *Leaders in Quality* program. For 2019, the second year of the annual program, the number of dentists recognized in each state has been expanded.

The rankings are based on DentaQual, P&R Dental Strategies' objective, data-driven quality scoring system derived from uniform, defined quality measures — not testimonials or surveys. To determine each year's EliteStar Dentist Awards, DentaQual leverages the data in DentaBase®, P&R Dental Strategies' multi-payer dental claims database with data on virtually every one of the nearly 200,000 practicing U.S. dentists from over 66 national and regional dental benefits plans. DentaQual ranks dentists across multiple categories of quality metrics, producing statistical rankings of utilization patterns, treatment history, adherence to clinical protocols and other metrics that demonstrate statistically superior behavior when compared to their peers.

Paul T. Sheils, CEO of P&R Dental Strategies, said "Quality dental care deserves to be recognized and we're proud to announce the expansion of this awards program, now in its second year. Celebrating and recognizing even more top-quality dental providers using truly objective data will help to ignite the discussion on dental quality and bring attention to the need for objective, data-driven methods of measuring care. Warmest congratulations to all the 2019 EliteStar dentists!"
