P&R Dental Strategies Receives Perfect 100% Score for Its Clinically Sound Process and Commitment to Promoting Quality Health Services

NEW YORK, NY, Dec. 8, 2015 -- P&R Dental Strategies, LLC, the premier dental insights company delivering customized, actionable business intelligence to support a variety of dental payer objectives, today announced that it has been granted full URAC reaccreditation relating to its Health Utilization Management program with a perfect score of 100%. P&R Dental Strategies' utilization management procedures have been accredited by URAC since 2010, and the update that took place in November extends accreditation for three years.

URAC's Health Utilization Management accreditation ensures that all organizations conducting utilization review follow a clinically sound process and respect patients' and providers' rights while giving payers reasonable guidelines to follow. Accreditation ensures the adequacy of health utilization management programs through evaluation against broadly recognized standards and measures. The URAC Accreditation Committee reviewed P&R Dental Strategies' procedures and granted full accreditation pursuant to its Health Utilization Management, Version 7.2 standards.
